**COUNTY DISTRIBUTES \$766,078 FROM TIMBER AND LAND SALES: \$229,824 TO LOCAL SCHOOLS AND COMMUNITIES**

The Crow Wing County Board approved the distribution of \$766,078 in 2016 surplus revenues generated from management of tax-forfeited lands in the county at its regular meeting on March 28, 2017. The funds were generated from the sale of tax forfeited properties and the selling of timber on county managed tax forfeited lands. Under the approved allocation, local cities, towns and school districts will receive \$229,822.

“Over the past five years, nearly \$3 million dollars in revenue from county managed lands has been generated for local governments,” stated Chris Pence, Land Services Supervisor.

“These dollars reduce tax levy spending by covering forest management costs and adding dollars to the county general fund. The funds also reduce local tax burdens by providing revenue to schools, cities, and townships in the county.”

Local schools will receive a total of \$153,215. Cities and townships within the county will receive a total of \$76,607. By statute, the county park and recreation fund will receive \$153,215 and \$229,823 will be added to the county capital building fund with an additional \$153,215 being added to the county general fund.

Exact amounts to be distributed are based upon revenue linked directly to parcels located within individual taxing districts and apportioned by percentages established in state statute.

The County manages 105,000 acres of forest land for timber production and diverse recreational opportunities for multiple users. County forest lands are managed to strict environmental standards established by both the Sustainable Forestry Initiative and the Forest Stewardship Council® (FSC®-C031953) certification standards.
