**Todd Dahl, Sheriff**

## **PRESS RELEASE**

On May 11th, 2018 at approximately 9:57 PM, the Crow Wing County Sheriff's Department was notified of an ATV crash with injuries at 38455 State Hwy 6, Emily. Crow Wing County Deputies, Crosby Ambulance, North Memorial Air Care and Emily First Responders were dispatched to the scene. It was discovered that a 16-year-old male had been riding a three wheeler (ATV) on family property when the crash occurred. A family member became concerned after not hearing the ATV for approximately 1 hour. The family member and a neighbor checked the ATV trail on the property and discovered the victim and ATV in the woods. Evidence at the scene indicate the ATV was traveling on the trail, went out of control and struck a tree. The driver of the ATV was located sitting on the ATV trail near the crashed ATV. The victim appeared to have suffered a head injury as a result of the crash.

The driver of the ATV was ultimately transported to Children's Hospital by North Memorial Air Care due to injuries sustained in the crash. The driver of the ATV was not wearing a helmet at the time of the crash.

The Crow Wing County Sheriff's Office is investigating the incident.
