

## PRESS RELEASE

### FOR IMMEDIATE RELEASE

July 13, 2017

### SAP 018-623-013 (CSAH 23) Construction Update

The Crow Wing County Highway Department has entered into a contract with Anderson Brothers Construction for centerline culvert installations and bituminous surfacing on County State Aid Highway 23 from the South County Line to State Highway 18. Centerline culvert installation is scheduled to begin the week of July 17 starting at the south end of CSAH 23 and proceeding north. Culvert replacement operations are expected to take 7 days to complete. There are 4 centerline culverts to replace south of CSAH 2, 4 culverts to replace between CSAH 2 & CSAH 26, and 2 culverts to replace between CSAH 2 & TH 18. The culverts at 30<sup>th</sup> Street and Leisure Lane intersections with CSAH 23 will also be replaced. If possible, the Contractor will attempt to keep a lane of traffic open during culvert replacements operations, however it is best to plan alternate routes to avoid long delays. Please go to <https://egram.crowwing.us/> for daily construction updates.

Paving operations are scheduled to begin the week of August 1 and be completed the week of August 14. Traffic will be controlled with flaggers and a pilot car as needed. Expect delays and use caution while traveling through the construction zone. All construction operations are expected to be completed by the end of August.

Please visit the Crow Wing County website at <http://www.crowwing.us/index.aspx?nid=149> for further construction information.
