A. Needs Statement

1. Besides funding, what is the single biggest challenge you are facing in financial assistance services?

The availability of resources to meet the demands for services and the complexity of the programs we administer

2. Besides funding, what is the single biggest challenge you are facing in employment services?

The biggest issue in Crow Wing County is the lack of accessibility to adequate child care. This creates a "catch-22" situation because it is difficult for MFIP recipients to work or participate in required activities due to lack of child care. Many of our clients want to work, but cannot find adequate day care. This is especially true for shift work and for infant care.

3. What strengths and resources do you have available to address the needs of your participants?

Please **check all** the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (county resources with developed connections to MFIP), and/or an external community resource or both. If you lack sufficient resources in your area, check the Resource Gaps column, even if there are some resource sources. Add any "other" resources that you consider necessary.

Employment Services Provider(s) Information

Statute [256J.50, subdivision 8](#): Each county, or group of counties working cooperatively, shall make available to participants the choice of at least two employment and training service providers as defined under Minnesota Statutes, section [256J.49, subdivision 4](#), except in counties contracting with workforce centers that use multiple employment and training services or that offer multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs.

List your current employment services provider(s) and check the respective box to indicate which population served. If a Workforce Center is the only employment services provider, list the multiple employment and training services among which participants can choose. Section G of this form addresses provider choice.

C. Measures

Performance Measures

1. Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on Statute 256J.626, subdivision 7.

Starting for calendar year 2016, each service area funding allocation starts at 100 percent. Each year starting with the 2016 allocation, a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the MFIP Annualized S-SI and WPR report for 2017 on the MFIP Reports page on the DHS website. A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2017 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2018.
[MFIP Annualized S-SI and WPR report \(PDF\)](#)

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

Crow Wing County has post-termination Support Services available, and has RMCEP provide Emergency Assistance for families as well as a strategy to assist those past participants in staying employed and avoiding re-enrolling in MFIP if possible. We also are taking a long view of the 36 month cohort and understand how to impact this with interventions for those still on MFIP to attain the 30 hours of employment is an additional help in meeting the SSI.

7545 characters remaining

In the future, if your service area has an annualized S-SI below its range for two consecutive years, you will have to **negotiate a multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the second year of the multi-year plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance. For example, a service area scoring "below" for 2016 and 2017 would need to put in place a multi-year improvement plan. If continuing "below" for 2018 and 2019, there would be a 2.5 percent decrease for the 2020 Consolidated Fund allocation which would continue until an annualized S-SI above or within its Range. Then the service area would receive 100 percent of the allocation.

Supplemental information about the Performance Management System and Performance Improvement Plans can be found on CountyLink: www.dhs.state.mn.us/HSPM. If you would like additional information, contact the DHS Performance Management team at DHS.HSPM@state.mn.us or 651-431-5780.

C. Measures (continued)

Racial/Ethnic Disparities

2. A **racial/ethnic disparity** for a service area is defined as a **one-year Self-Support Index** that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in that area. Access the report "Two-Year Performance Trends of Racial/Ethnic and Immigrant Group". This report lists (1) service areas that have any racial/ethnic disparities requiring action and (2) the table of differences for all service areas.

[Performance Measures by Racial/Ethnic or Immigrant Group \(PDF\)](#)

If your service area is in the disparity list, please answer the following question:

DHS will work with you to reduce these disparities.

What strategies and action steps for each of the groups with disparities do you plan for the coming biennium?

Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions. Email Tria.Change@state.mn.us if you need assistance with the waiver.

- 1. Describe the activity(s) you will provide.

4000 characters remaining

2. Explain the reasons for the increased administrative cost.

Provider Choice

Does your county:

- Have at least two employment and training services providers. Go to Section H.
- Have a workforce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section H.
- Intend to submit a financial hardship request.

Financial Hardship Request

FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement

MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the county had a choice of providers in calendar year 2015, describe:
 - factors that have changed which indicate a financial hardship
 - why the hardship is expected to persist in the near future and
 - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county.

characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
 - major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
 - the process used to determine the cost of other options (RFP or other county process).

characters remaining

3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

characters remaining

The Department of Human Services (DHS) and the Department of Employment and Economic (DEED) will also review the amount budgeted by the county for employment and training during calendar year 2015 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2016 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law.
