Crow Wing County 2020 Census Self-Response Deadline

The self-response period and field operations of the 2020 Census are ending soon. If you haven’t responded yet there is still time to respond and shape your future. We’d like to have one last push before September 30th! Seasonal residents are encouraged to fill out a census form at their temporary location in Crow Wing County with a 0 for the number of residents stay at this location. This will help the Census Bureau’s time and effort in counting full-time residents.

We would like to thank all of you who responded. “We pulled together to get through the 2020 Census and it couldn’t have been done without the help of the Complete Count Committee and all of our community leaders and residents.” said Committee Chair Nate Rose. “The residents who responded during our community challenge and throughout the summer have increased our response rate to 53% and there is still work to be done.”

If you respond now, it is less likely that a census employee will visit you in person. You’ll know they are a Census Bureau employee by their valid ID badge with their photograph, a U.S. Department of Commerce watermark, and an expiration date. All census takers have been trained in social distancing protocols and will wear masks and follow public health guidelines when in the field.

Your response matters and so does that of your friends, family, and neighbors. The results of the 2020 Census determine how many seats your state gets in the US House of Representatives and how funds will be allocated to our communities.

We would like to remind everyone that it’s safe and easy to respond using any of these three methods:

- Online - my2020census.gov
- Phone - 844-330-2020
- Mail - Paper Questionnaire
