## COVID-19 Vaccine Registration for Homebound Residents

COVID-19 vaccine pre-registration is now available for Crow Wing County HOMEBOUND residents age 65+. The opportunity to receive the COVID-19 vaccine in your own home is for residents you are unable to travel to primary care providers or have difficulty in getting to a medical provider. If able, our public health team recommends you see your primary care provider for a vaccine. Homebound vaccinations may take longer to get, as the availability of vaccinations are limited.

“We ask the community reserve this option for those truly homebound and in need. Having a list of individuals we will need to go and visit will be crucial when we have access to more vaccines. Every step we take in this planning process will help us move forward faster with vaccine distribution.” said Public Health Supervisor Michelle Moritz.

Register on-line: <https://www.crowwing.us/>
